OVER \$8,000 IN PREMIUMS HAVE ATTRACTED
68 OF THE NATION'S BEST SHORTHORNS TO

The Kentucky Futurity Sale

WESTERN KENTUCKY STATE TEACHER'S COLLEGE
Bowling Green, Kentucky

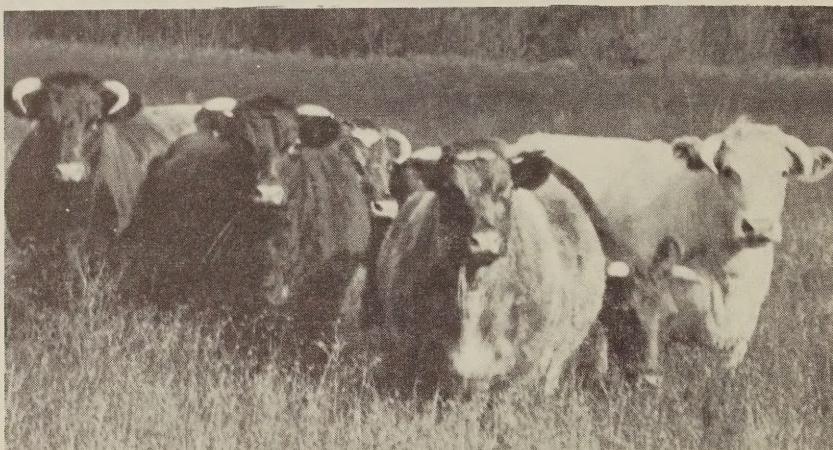

20 Top Bulls - 48 Outstanding Females

Every animal that sells shows — Every animal that shows sells

This Spring's No. 1 Sale Offering.
If you believe in paying a little more to
get a lot more, this is the place to come.

The KENTUCKY FUTURITY

Scene in the Paul Halbersleben, Eldorado, Illinois, herd. Consignor.

This event is sponsored by The Kentucky Department of Agriculture, Ben S. Adams, Commissioner; and The Kentucky Shorthorn Breeders' Association. Each organization is putting up \$4,000 apiece to attract the best sale offering of Shorthorns this Spring. Every animal in the show sells!

The Kentucky Shorthorn Breeders' Association has cancelled its annual State Show and Sale usually held the third week of March in Bowling Green so that the best Kentucky productions would be available for this event. The Kentucky Shorthorn Sale alone was in itself enough to attract quality seeking cattlemen from a dozen states. Its averages of \$501, \$744, and \$625 in 1950, 1951 and 1952 were achieved without the benefit of extreme tops.... just a lot of good Shorthorns and an offering completely free of tail-enders.

This year The Kentucky Futurity Sale features the tops from Kentucky

and the best cattle available for sale from out-of-state.

Yes, we're mighty proud of the 1953 Kentucky Futurity offering. We will have to admit that the over \$8,000 in premiums had a good deal to do with it, but that works to the advantage of every buyer in the nation who is seeking quality.

Be sure to come to Bowling Green on Sunday, March 22, at 7 p.m. for the banquet. You'll enjoy the grand group of cattlemen that will be there and will find Kentucky hospitality at its best.

THE KENTUCKY SHORTHORN BREEDERS' ASSOCIATION

The largest first, second, third, fourth, fifth and sixth place premiums to be offered anywhere this year. It is no wonder that an outstanding group of cattle have been attracted to this event. These premiums are made available through the far sighted policy of the Kentucky Department of Agriculture and the Kentucky Shorthorn Breeders' Association who have each put up \$4,000 to attract the nation's best Shorthorns. This policy is designed to make Kentucky the seed stock headquarters for the nation. The above two organizations have also cooperated in providing funds for the promotion of this event.

The Kentucky Shorthorn Breeders' Association wishes to express its appreciation to Commissioner of Agriculture, Ben S. Adams, for the fine cooperation given by he and his staff.

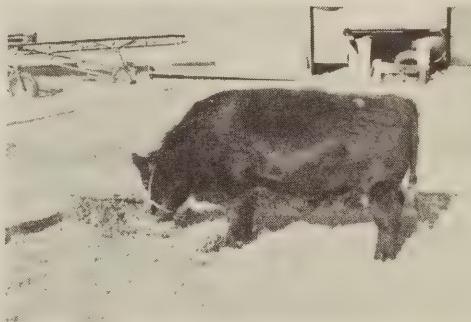

This sale is patterned after the previous successful events held at Bowling Green. Here healthy sale averages are achieved without the benefit of extreme tops but through a high-quality offering free from tailenders. You can buy your kind of Shorthorns at this sale and buy them at prices you can afford to pay.

STANDARD GUARANTEE of the AMERICAN SHORTHORN BREEDERS' ASSOCIATION

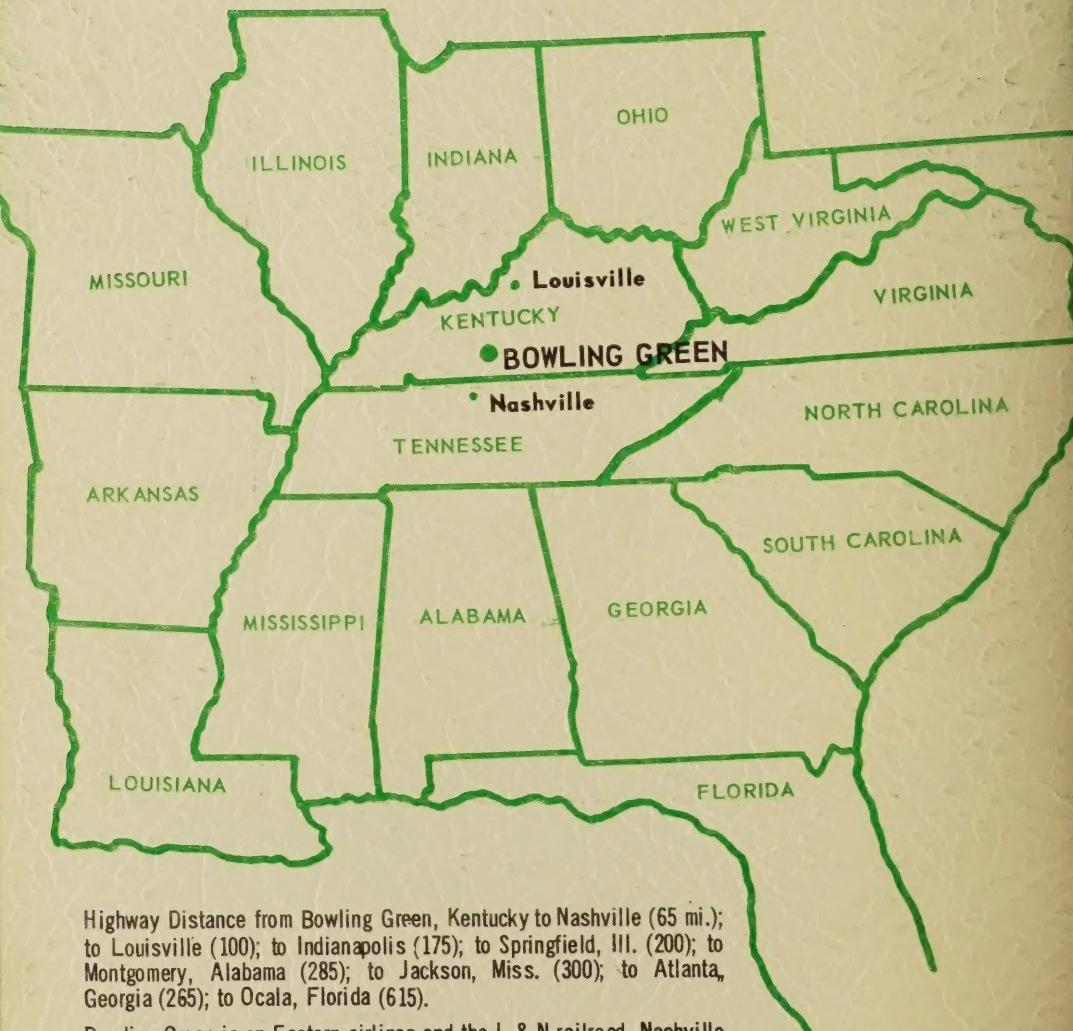

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.
